

Utility Vehicle Selection and Safety

Abbie Spackman

Linda Fetzer

AgrAbility for Pennsylvanians Project is supported under USDA/NIFA Special Projects 2017-41590-27105 in collaboration with Penn State Extension. Penn State College of Agricultural Sciences research and extension programs are funded in part by Pennsylvania counties, the Commonwealth of Pennsylvania, and USDA.

Learning Objectives

- Understand the differences between UTV makes and models and how those differences can help determine the appropriate UTV for an AgrAbility client.
- Understand the safety features of UTVs and how they impact AgrAbility clients.
- Understand language and key points to use with a funding agency when recommending a UTV for an AgrAbility client

Cab

Cab Environmental Controls

Door Handles

Door Opening
