	9:30 am-10:15 am	<b>Applications of Cultural Humility in WRASAP and AgrAbility Service Delivery - Esmeralda Mondujano- CA AgrAbility</b> <i>There are two approaches to engage with community members of different culture from the service provider or agency representative: cultural competence and cultural humility. Cultural competence is the approach traditionally instructed at major institutions; however, one of its major drawbacks is that culture is ever-evolving and it is impossible to become an expert in someone else’s culture. Cultural humility focuses on self-humility resulting in increasing the quality of interpersonal interactions. Cultural humility is an expansion of cultural competence. We will explore the main difference between these two approaches and how it can increase rapport a service provider and a farmer or farmworker.</i>
